Children & Young Person's Online Church Meetings Permission Form

In order to make sure that your child stays safe online, we ask that you do the following:

- Access to the platform is made through the parent/carer's account, unless your child meets the age restrictions for the platform.
- An appropriate adult, like a parent or carer will remain in the room with young members (primary age) during video or conference calls to help or join in.
- For older children and young people (secondary age) please make sure there's an appropriate adult nearby so that they can ask for help if they need it.
- For younger members, you will 'drop off' your child at the meeting like you would at a normal church activity, so we know that they have an appropriate adult nearby if they need a hand. This will also give us a chance to talk with you if we need to.
- Your young member must take part in the video call in a suitable communal environment (not a bedroom) and be appropriately dressed. All members of the household must be aware that the call is taking place and make sure they use appropriate language and behaviour when nearby or in the background. Some of the video calling software has a built-in option to 'blur' the background - you may feel this is an appropriate feature to turn on.
- You will make sure your young member has 'logged off' the call correctly and signed out before turning off any devices.
- You and your young member will not try to contact any leaders using these online tools outside of the pre-arranged calls. If you need to contact a leader for any reason you will do so following your normal contact procedures (ie emailing).

In order to protect your child, we will:

- Have a minimum of two adult volunteers present throughout the video call who will stay on the call until all children and young people have 'logged off'.
- At least one adult volunteer involved in the call will hold a current disclosure certificate (DBS) as required for their role. Any adult volunteer holding a role that does not require a disclosure check will always be supervised by someone with a disclosure check.
- No leader will contact you outside of any pre-arranged meetings using these online tools and if they do need to contact you will do so following their normal contact procedures (ie emailing)
- Leaders will watch through and check any links or videos they may direct your young member to. They will make sure everything they use is age-appropriate.
- Leaders and other adults on the call will use appropriate language/behaviour throughout the call.
- All leaders will ensure they are in a communal living space throughout the call. Where possible they will blur the background in any video calls and any members of their household will use appropriate language/behaviour throughout the call.

St Michael's Church is committed to the nurturing, protection and safekeeping of all, especially children, young people and vulnerable adults. We are required to ensure that those hiring our premises declare their willingness to abide by these principles.

St Michael's Church affirms that the needs of children or of people when they are vulnerable are paramount. You may use the church premises only on the basis that you share this commitment and either have your own Safeguarding Policy or agree to follow the guidelines below as a minimum.

The text below is primarily concerned with children (ie all persons under 18 years of age). Where appropriate, it may also be extended to vulnerable adults.

If children will be present in the building during the hire period, **you must:**

- ensure that children and young people know who they can talk to if they need to speak to someone about a personal concern
- respond warmly to a child who needs comforting but make sure there are other adults around
- if any activity requires physical contact, ensure that the child and parents are aware of this and its nature
- obtain consent for any photographs/videos to be taken, shown or displayed
- record any incidents of concern and give the information to your Group Leader. Sign and date the record
